Use Up Old Sheets

Want a new way to use up your old sheets and scraps of material? Mrs. I. B. Wheeler of Spout Spring suggests that you can tear old sheets into squares of any size and sew on various shapes and colors of old scrap material on the sheet square. You'll eventually end up with a beautiful quilt like the one Mrs. Wheeler is holding in the picture shown above.

Mrs. Wheeler has been a correspondent for the TIMES-VIRGINIAN for the past ten years and she does a fine job reporting her news as well as making quilts in her spare time.

Facts about the great interest rate war.

No matter what you may read about bank interest rates, keep this one clear fact in mind: **No bank anywhere is paying more than Fidelity.** And most are actually paying less than Fidelity on popular 2-year, automatically renewable 5¾% Certificates of Deposit. Here's why:

Fidelity compounds your interest **continuously**, not just daily. So the annual yield to you is more than 6%. It's 6.00315 to be exact.

So in the midst of all the current noise and confusion, just remember this one beautifully simple fact:

Our 6% annual yield on 5¾% Certificates of Deposit is bigger than their 6%.

And that is a fact!

Over 5,000 people viewed the "Young McDonald Farmland" exhibit last week at the Fidelity National Bank opening in Lynchburg. The exhibit, sponsored by the Appomattox Jr. & Sr. FFA Chapter members, was a popular attraction for bank customers during Fidility's five day grand opening.

The exhibit was unique as a farmland shown, not only because it included so many different attractions, but because it was held on the 5th floor of the bank.

Animals shown included 4 pigs, 1 beef cow and calf, 1 pony and colt, 1 ewe and 2 lambs, 2 dairy calves, 4 mulard ducks, 2 guinias, 4 baby pigs, 4 rabbits, 10 chickens, 1 collie dog and 4 pups, 1 doe goat and kid, and 2 dozen baby chicks hatching.

Other exhibits included a 10 ft. "Building Our American Communities" display, indoor greenhouse with film loup machine showing plants growing, a full size farm tractor and a slipe presentation, booklets and instructional books used in vocational agriculture classes.

Four FFA members served as guides each day for guests to the exhibit. Special thanks goes to all the parents and friends of FFA members for their part in getting the Farmland Exhibit together.

Special appreciation goes to Mr. Jim Nolen, vice president; and agricultural services officer for Fidelity National Bank, for his efforts and cooperation in making this exhibit such a big success for Appomattox FFA Chapters.
